STATEMENT AS TO ATTENDANCE AND EFFORTS TO UPGRADE COMPLIANCE

1. Approximately February, 1990. Christopher P. Lynch, President and General Manager of WYLR attended a National Association of Broadcasters/New York State Broadcasters Conference on renewal considerations in an effort to insure compliance with F.C.C. Regulations.

2. Attached as Exhibit 1 is the header sheet and original notes taken by Christopher P. Lynch, plus notes on Syracuse Marriott pads as supplied.

3. Of special interest is a page from this Primer that Christopher P. Lynch gave Jackie Ingraham, his receptionist of 18 years, regarding the Public File. In an effort to make sure the Public File was complete, Mr. Lynch asked Mrs. Ingraham to check all items and her yes notations signify in her judgement all files were correct, such "yes's" Mr. Lynch reasonably relied upon (Exhibit II).

4. As Exhibit III attached is a picture of transmitter fence Mr. Lynch had built to get in better compliance with ANSI regulations.

5. We refer to the best of our recollection as to the date and the person involved in our last F.C.C. on premises inspection (Exhibit IV) which would show favorably overall our F.C.C. compliance.

6. Additionally, during the license term, I employed a full-time, first-class engineer to help insure compliance with F.C.C. regulations.

**NAB PRIMER ON
RENEWAL CONSIDERATIONS**

**Prepared for the
New York State Broadcasters Association
February 1990**

License Renewal

Applying for renewal of a broadcast license is not as complicated as it used to be. For radio stations, the process has been reduced to the completion of a postcard-sized form every seven years; for television, every five years. Still, the renewal process still can be tricky -- calling for thorough preparation and advance planning.

This memo helps take the guesswork out of preparing an application for renewal of license for stations. It includes instructions for airing the pre- and post-filing announcements, filling out the renewal application, items to be included in the public inspection file, and information on FCC forms.

LICENSE RENEWAL CHECKLIST

When all items on the following checklist have been completed, all requirements for a routine postcard renewal have been satisfied.

- 1. The renewal application was filed on the appropriate date, all applicable questions on the form were answered, and the statements verified. If the application was filed late, a written letter of explanation must accompany the application.
- 2. The EEO Program Report (Form 396) was filed with the renewal application.
- 3. The pre-filing and post-filing announcements were broadcast properly (see page 2) and, within seven days after all pre- and post-filing announcements were aired, a certificate of compliance with the public notice announcements was placed in the public inspection file (see page 6).
- 4. The public inspection file is complete and up-to-date, and includes copies of the renewal application and the EEO Program Report. (See page 7.)

a. Overview of Deregulatory Changes

This section is optional:

As an alternative to MSA or county labor force data, you may use other data that more accurately reflect the percentages of women and minorities in the labor force available to your station. If such alternative data are used, that data must be submitted on the table below and an explanation attached as to why they are more appropriate.

Percentage in the Labor Force	Women	Blacks not of Hispanic Origin	Asian or Pacific Islanders	American Indians or Alaskan Natives	Hispanics

The above information is for: M.S.A. City County
 Other (specify)

VII. COMPLAINTS

You must provide here a brief description of any complaint which has been filed before any body having competent jurisdiction under Federal, State, territorial or local law, alleging unlawful discrimination in the employment practices of the station including the persons involved, the date of filing, the court or agency, the file number (if any), and the disposition or current status of the matter. Examples of such jurisdiction may include the Equal Employment Opportunity Commission, state and local equal opportunity commissions, or other appropriate agencies.

VIII. OTHER INFORMATION

You may also describe other information that you believe would allow the FCC to evaluate more completely your efforts in providing equal opportunity in employment at your station. Submission of such information is optional. Among the additional information you may choose to provide are:

Any training programs the station has undertaken that are designed to enable minorities and women to compete in the broadcast employment market including, but not necessarily limited to, on-the-job training and assistance to students, schools or colleges.

Any problems the station has experienced in assuring equal employment opportunity, or attracting qualified minority and women candidates for employment or promotion.

Any efforts the station has undertaken or will undertake to promote equal opportunity in its employment and to encourage applications from minorities and women.

FILING INSTRUCTIONS

Broadcast station licensees are required to afford equal opportunity to all qualified persons and to refrain from discriminating in employment and related benefits on the basis of race, color, national origin, and sex. See Section 73.2080 of the Commission's Rules. Pursuant to these requirements, a license renewal applicant who employs five or more full-time station employees must file a report of its activities to ensure equal employment opportunity for women and minority groups (that is, Blacks not of Hispanic origin, Asians or Pacific Islanders, American Indians or Alaskan Natives, and Hispanics). If minority group representation in the available labor force is less than five percent (in the aggregate), equal employment opportunity (EEO) program information for minority group members need not be filed. However, EEO program information must be filed for women since they comprise a significant percentage of virtually all area labor forces. If an applicant employs fewer than five full-time employees, no equal employment opportunity activity information need be filed.

A copy of this report must be kept in the station's public file. These actions are required to obtain license renewal. Failure to meet these requirements may result in license renewal being delayed or denied. These requirements are contained in Section 73.2080 of the FCC Rules (47 CFR 73.2080), and are authorized by the Communications Act of 1934, as amended.

If your station employs fewer than five full-time employees, check the box at left, complete the certification below, return the form to the FCC, and place a copy in your station's public file. You do not have to complete the rest of the form.

If your station employs five or more full-time employees, you must complete all of this form and follow all instructions.

If minority group representation in the available labor force is less than 5 percent (in the aggregate) and you choose not to file EEO program information for minority groups, check the box at left and complete the rest of this form with only the information for your program directed towards women.

if one or more announcements were inadvertently aired on the wrong day, it is important that the station broadcast the total number of pre- and post-filing announcements required by the rules, and at appropriate times.

2. The Public Inspection File

The renewal application requires stations to certify that the public inspection file is complete and up-to-date. Thus, it is important to review the file well in advance of applying for renewal to make sure it contains all the necessary documents. The following is a checklist of the major categories of documents which must be included in the public inspection file (consult Rule 73.3526 (commercial stations) and Rule 73.3527 (noncommercial stations) of the FCC's rules and NAB Counsel Memo L-8808 (1988) for a more comprehensive discussion of the items which should be included in the file, and the time periods for retention of items in the file):

- yes 1. A copy of the license renewal application (Form 303-S), and a copy of the Ownership Report (Form 323).
- 2. Documents relating to: construction permit applications (for major changes and/or new stations); transfer of control or assignment of license; ownership or control of license; network affiliation contracts; and management agreements with employees, especially those dealing with sharing profit and loss.
- yes 3. All required information concerning broadcasts made by candidates for public office.
- don't have any control programming 4. A list of chief executive officers of any organization that sponsors or provides material for political or controversial issue programming.
- yes 5. Copies of the Annual Employment Report (Form 395-B) filed with the FCC after the latest station license renewal, including all exhibits, letters and documents.
- yes 6. "The Public and Broadcasting - A Procedure Manual" (1974 edition).
- yes 7. Letters received from members of the public and agreements with citizens groups.
- yes 8. The station's quarterly Issues/Programs Lists of issues significantly addressed by station programming which were compiled during the license term (include any Annual Issues/Programs Lists prepared after the last renewal but before July 1, 1984).

AFFIDAVIT OF THOMAS J. WADE

I, Thomas J. Wade, under penalty of perjury:

1. I am a native Glens Falls resident and have been community-oriented for a long time. I have many opportunities to observe those whose responsibilities shape public opinion.

2. I have served in a number of public offices and boards, including the Glens Falls Common Council for a maximum 8 year term and I presently represent Glens Falls as one of its elected Warren County Supervisors.

3. I have known Christopher Lynch for over 20 years, and his radio stations for even longer.

4. I am without reservation in advancing radio station WWSC and WYLR, its management and its staff for their unique achievements in answer to the existence of radio broadcasting for community good.

5. Days, nights, and weekends, I have worked with Mr. Lynch on charitable, community, political, and editorial pursuits. I speak with first hand knowledge of his work for our community, his shirtsleeves approach to making Glens Falls a better community to live in, and his willingness to work long hours for his hometown with little or no hope of recognition or awards.

6. Their contributions over the years are legend and in particular to those individuals and groups that have benefited directly by their commitment. Their unwavering support for the underprivileged, veteran organizations, Operation Santa Claus, Editorial, concerts in the park, journalistic scholarships, assisting the mentally disabled and their unbiased and total dedication to our environment, their involvement was long before it became popular. These issues are only a few of their diverse capabilities.

7. Mr. Lynch and Normandy Broadcasting hopefully, will be given every consideration to continue their public trust, their insight and techniques should be allowed to flourish, obviously, there is a shortage of contributors.

I, Kenneth W. Parker, being duly sworn state as follows:

1. At the request of Christopher P. Lynch I would like to review some facts concerning that company.

2. The Associates of Glens Falls, Inc. came into being in the spring of 1967, and my relationship with the agency started in the spring of 1968. As long as I can remember, the Normandy Broadcasting Corporation and the Lynch family have been the clients of this agency. At that time, Chris's father, John Lynch, was the operator of Normandy Broadcasting Corporation along with some other local businesses.

3. Following the untimely death of John Lynch, Chris Lynch took over the leadership of Normandy Broadcasting Corporation, and has kept the two radio stations as a viable part of the community. I've always known Chris Lynch to be honest, and very careful and businesslike in his business dealings.

4. Normandy Broadcasting Corporation has continually been an active community citizen, by being involved in various community charity organizations, both corporately and personally.

5. I have personally been involved in such community areas as local politics, local Lion's Club, local Chamber of Commerce, local charitable fund raisers, etc. Chris Lynch has always been along side of us on these various community activities, providing the facilities of his radio stations where appropriate and providing personal insight and support where it was beneficial.

AFFIDAVIT OF RICHARD C. DUSENBERY

I, Richard Dusenbery, have been an employee of Normandy Broadcasting since August of 1986. My responsibilities as copywriter include the writing and production of commercial material, some public service announcements, and promos. I have examined Normandy's proffer of WYLR's programming, and under penalty of perjury can attest to the following programs.

WYLR has aired weather on average twice per hour between 6am and 12 midnight; local news a minimum of seven times per day Monday-Friday, ABC news; and sports reports a minimum of three times each morning Monday-Friday. Tri-County Notebook items, consisting of community events and the like, were aired on WYLR approximately once per hour.

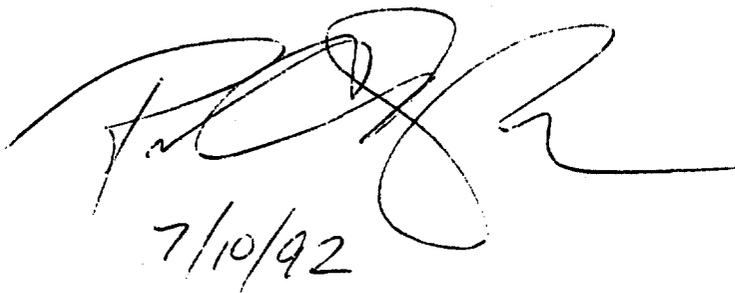

I also have first-hand knowledge of the following annual and semi-annual programs and campaigns on WYLR during my employment at Normandy Broadcasting. Easter Seals volleyball and softball marathons; pre-recorded public service announcements and live coverage of Americade, Lake George Winter Carnival, and Adirondack Hot Air Balloon Festivals; on-air and on-location support for the Giant Garage Sale and Prospect School radio-telethon; and Jay Bobbin's entertainment reports. I can personally attest to WYLR's commitment to Operation Santa Claus through the "Hope Chest Challenge." While acting as WYLR's Program Director (1989-1990), I assisted in the coordination of the event as WYLR's representative at the Operation Santa Claus workshop directed by Jerry Eichen. WYLR's subsequent on-air promotion of the campaign included extensive pre-recorded announcements, live reads, and a live broadcast.

Exh. 9/5

I also can attest to WYLR's involvement in the following miscellaneous items listed in Normady's proffer: the Miller Christmas Wreath program for C.P.; Scholar Appreciation week; the Angela Williams benefit; Hometown USA Adopts a Town; Shamrock Shuffle; Glens Falls Sesquicentennial observance; Bloodmobiles; Job Discovery; Walkamerica; Drug-free graduation party; Fort Edward Christmas Decoration fund drive; Earth Day rally; and the New York Olympic Run.

Because of WYLR's format and listenership, most public service and community affairs issues were covered through short announcements and live broadcasts. This was deemed the most effective way to get the message to our listeners.

In the six years I've been employed by Normandy Broadcasting, both WWSC & WYLR have done more community service than any other local radio station. It is my opinion that Mr. Lynch will continue to operate WWSC & WYLR in the best interests of the community.

Affidavit of Maggie Downie, Community Director for the Northeastern New York Chapter of the March of Dimes Birth Defects Foundation

Under penalty of perjury I state that WYLR Radio has been an essential part of the success of the Glens Falls WalkAmerica for almost twenty years. The station goes well beyond the expected involvement of running our Public Service Announcements. WYLR eats, sleeps and breathes WalkAmerica for the four to six weeks leading up to the event. They call for weekly updates on team numbers and challenges, encouraging business to join. On the day of the event, WYLR is a visible presence, remoting from the walk route, interviewing walkers and providing a thank you concert at the finish line. The impact of WYLR's support can be tangibly seen in our walker registration forms, which by the way, YLR distributes for us. We ask the walkers where they heard about the walk. The Glens Falls cards are the only ones that can name the radio station that encouraged them to sign up. Additionally, for the third consecutive year, the Glens Falls site won the WalkAmerica Walksite Award for the highest income per walker. I can state, without hesitation, that WYLR's involvement is key to that success.

Under penalty of perjury I, Thomas J. Jacobsen attest the following statements to be truthful and to the best of my knowledge accurate accounts of past dealings with Christopher P. Lynch and WYLR*FM in Glens Falls, New York.

I have been employed at Normandy Broadcasting since 1986. I have worked specifically for WYLR since the Fall of 1989.

After reviewing Mr. Lynch's programming proffer I can attest that from my time with Normandy on WYLR all events from that point on listed on the proffer did occur, and were aired on WYLR. I will safely add that some of Mr. Lynch's approximations in saturation were very , very conservative.

For example, WYLR's committment to the Adirondack Chapter of The American Red Cross on Blood donor/mobiles is much more in detail and saturation on WYLR than the proffer notes. I personally have done 4 hour long remotes at Bloodmobiles and have broadcast while actually donating myself. I have interviewed members of the American Red Cross and have gotten into detailed information on H.I.V. and the Aids scare which put a monstrous dent in local blood banks.
